Your child will independently experience a classroom environment interacting with other children at teacher-planned play centers. Opportunities for social, emotional and cognitive growth are provided through small manipulative toys, the sensory table, the art table and easel, and dramatic play centers. Rug time includes teacher lead stories, songs and finger plays! Our outdoor playground and inside gymnasium provide opportunities for large motor physical activity and growth! This hour-long class introduces Parents & Tots to a classroom environment. Parents interact with their children during planned playtime. At rug time the teacher leads storytelling, songs and finger plays. This is a gentle way to introduce your tot to a preschool environment. *~Sitter Service available for siblings**

Children attend by themselves. As the first independent experience in a school setting, without parents, the *On My Own* program offers many play opportunities with friends they have come to know during the first half of the year.
